

650E
Built just for You

A Proud 30 Year Tradition

Neptunus Yachts has a proud tradition of building semi-custom yachts that are rich in style and detail, yet designed for dependability and performance. Neptunus has been building quality yachts in the same shipyard for over 30 years, and has built over 175 yachts during this time.

Over the last 30 years, the goal at Neptunus has been to ensure that each customer feels their new Neptunus is truly the best yacht they have ever owned. Many Neptunus owners are now on their second or third Neptunus yacht, and some current owners are even on their fourth or fifth Neptunus. At Neptunus Yachts, our passion is to continually evolve our vessels and product line to deliver the absolutely best quality possible, and to support our customers in the enjoyment of their vessels in an extraordinary manner.

The Neptunus 650E combines awesome lines on the exterior with our most spacious, open layout yet. At the same time, this new yacht offers unparalleled performance underway. The Neptunus 650E is designed and built to meet the CE Category A – Ocean standard, delivering exceptional performance, seakeeping ability, and ease of handling. She cruises comfortably at 26 knots, and handles the seas with ease. When you purchase a Category A vessel, you know your new yacht meets the highest design standard.

The Neptunus 650E. A yacht designed for enjoying life on the water, and for discovering new destinations with confidence. A yacht built just for you.

Built just for You

A New Level of Enjoyment

Neptunus Yachts is proud to introduce an exciting new layout for the Neptunus 650E. This new layout features a galley-aft design, blending the outside and the inside effortlessly, creating inspiring spaces for your enjoyment.

Your experience begins the moment you step onboard. The aft deck of the 650E is beautifully designed and features a high-gloss mahogany table, an electric sunshade, and comfortable seating for six. Moving forward, the multi-panel sliding glass doors open to create a seamless connection between the cockpit and the interior of the yacht. Inside, the centre island extends to the aft deck, creating an elegant yet casual open area that bridges the inside and outside of the yacht.

The cockpit includes a wet bar and BBQ, and the entertainment centre just inside on port includes an automatic espresso maker for your morning coffee, and a wine cooler/ beverage fridge so you can enjoy afternoon and sunset beverages. The electric opening sunroof adds to the ambience of this space, and to your connection with your surroundings.

Tailored to your Lifestyle

The beauty and quality of the Neptunus 650E are evident from the moment you step inside. The custom walnut joinery and the rich design accents set the tone for the entire yacht. The Neptunus 650E features new interior design finishes including wonderful leather accents throughout, new custom headboards inspired by the sea, and striking walnut wood working. Every piece of wood, no matter how small, is handcrafted and polished with multiple layers of finish. The attention to detail is evident throughout the yacht.

The salon area features L-shaped leather seating, contemporary walnut cabinets, a custom glass coffee table, and a fully-integrated LED TV. The dinette with custom leather upholstery has generous seating for six, and offers 360 degree vistas for your enjoyment. The helm chairs have Italian stainless steel pedestals and custom leather seats with exquisite stitching. The co-pilot seat swivels and lowers, adding a salon seat that will be in high demand!

Some of the magic in the Neptunus 650E comes from blending this Neptunus craftsmanship with ideas and choices that reflect your lifestyle. With every new build, we work closely with you on the layout and on the design details for your new yacht. At Neptunus, you will find a team that is excited about working with you to tailor your new Neptunus 650E to your lifestyle and your boating needs.

Our customers develop a unique relationship with many of our employees during the design and construction of their yacht, and frequently comment on the warm reception they receive when working with the team at the Neptunus shipyard.

NEPTUNUS YACHTS

Perfect for Extended Cruising, or Entertaining

The 2021 Neptunus 650E is designed with comfortable open spaces, and is ready for you to spend weeks onboard. With a fully-equipped galley, a casual space for mornings aft, a bright inviting salon forward, and a dinette offering uncluttered views, this yacht is designed so you can experience all the joys that life on the water can deliver.

The new galley on the Neptunus 650E features an upright stainless steel fridge/freezer plus an oven, stove top, microwave and dishwasher. There is generous storage for extended cruising, including custom drawers for glassware, dinnerware sets, and beverages. The sink is forward in the galley and is positioned on an angle presenting great views of your surroundings. The electric opening sunroof forward allows you to blend just the right amount of fresh breeze into your day on the water.

For days underway, the Neptunus 650E is designed to deliver exceptional seakeeping ability and ease of handling. The Neptunus 650E is CE Category A – Ocean designed and built. This Ocean certification covers vessels designed to be self-sufficient for extended voyages, having the ability to handle winds over 40 knots and wave heights over 13 feet, but excluding abnormal conditions such as hurricanes. And for manoeuvring in close quarters, each new 650E comes with 15HP proportional bow and stern thrusters, and a Yacht Controller with joystick and remote.

Signature Neptunus Staterooms

The 2021 Neptunus 650E features a bright full-beam master stateroom with our signature large windows with opening ports, providing generous natural light and the option of a lovely breeze throughout.

The master stateroom has a king size berth, his-and-hers hanging lockers, a cedar-lined walk-in closet, and drawer storage on both port and starboard. There are inspired leather accents in the master stateroom, a new custom headboard, and striking walnut finishes. The private ensuite head has granite or quartz countertops of your choosing, a vessel sink, a frameless glass shower, and creative ceramics with a feature wall in the shower.

The companionway from the salon to the three staterooms reflects the unique character of this yacht. With light flowing from the windshield above, the companionway is bright, open, and beautiful. The custom stainless steel accents, glass panels and hand-stitched leather combine to illustrate our passion for quality throughout.

All staterooms feature hand-crafted natural walnut cabinets with extensive storage, luxurious appointments, and exquisite lighting. Every detail of the interior from choice of woods, accents, fabrics and hardware will be planned with you, for the enjoyment of you and your family.

Practical by Design

The Neptunus 650E is carefully designed with the owner-operator in mind. Nowhere is this more evident than in our engine rooms. The engine rooms are engineered to provide the easiest possible access to all the components and systems that you routinely use. The maintenance points are easily accessible from either side of the engines. Access to fuel filters, engine filters, oil change systems, strainers and pumps are designed with serviceability in mind. But it doesn't stop there. Our helm stations are ergonomically designed to offer ease of use and redundancy. Every Neptunus 650E has twin 16" multi-function displays with augmented reality for navigation, 72-mile radar with a 4' scanner, twin VHF's, autopilot, 15HP proportional bow and stern thrusters with 5-stage dock hold position, and a Yacht Controller with joystick and remote. Over the years, Neptunus has earned its reputation as building a "boater's boat". Let us show you why.
